

## SAY!

(By CHARLES J. ARNOLD)

They say "an apple a day will keep the doctor at bay", or something like that, and I just wonder how it would be to feed insurance solicitors on green persimmons. It might not keep them away but it sure would cut down their line of chatter.

Out there on McKee field, yesterday afternoon I saw the Greencastle High School football team, come from behind and score the touchdown which resulted in a 13 to 13 tie game with the Lafayette High School team. Out weighed in virtually every position, the Greencastle lads showed that old fight and versatility which causes their home town folks to be mighty proud of them. G. H. S. may not have a "championship aggregation" but it has a little fighting machine which is a credit to the school and to the community.

Sing a song of 16 bucks  
A quart of booze to buy  
The real stuff, fresh from Canada  
Of course it comes quite high  
But when the party's over  
And old Remorse sets in  
You wish you'd layed off import stuff  
And stuck to home-made gin.

It takes more than eleven boys to make a High School football team, according to Marshall Miles, that hard hittin', rambling fast and shifty back on the G. H. S. team. After the game Wednesday, the boys were all down in the dining room, discussing the game and the main theme was that "their luck had changed." They were agreed as a unit on that when Miles, his face lighted up with a broad grin, spoke right up in meeting and said that he sure could explain the change in luck matter. And then, digging into his football togs he brought out a rabbits foot. Whether the foot had come off a rabbit killed at midnight in a grave yard, he did not say, but it sure served its purpose.

I'll bet that if Gaumy Neal's corps of DePauw pig skin chasers hear of this its going to be mighty hard on grave yard rabbits during the next two days.

The discovery of several skeletons in the old cemetery, is causing no little amount of discussion among the University students. It is said that a University student, while wandering through the cemetery, made the discovery and that he has taken several others over to show them his discovery. Upon hearing of the situation I made a personal investigation and found that the story as told by the student is correct.

My old friend, Jim Ogden, attorney general, not being satisfied with the failure of the Grant County grand jury to place some responsibility on some one for the recent Marion lynchings, is injecting the State into the affair and will do a little investigating and probably some prosecuting on behalf of the State. James Ogden, believes, like a lot of other folks, that someone person or persons are guilty of negligence or of criminal action in the lynching affair and he will attempt to see that the responsibility is placed on the right persons and that they are punished for permitting the fair name of the state of Indiana to be dragged in the mire.

FUNERAL FOR MRS. HATFIELD  
TO BE FRIDAY AFTERNOON

Funeral services for Mrs. Nannie V. Hatfield, 614 College avenue, who died in the Putnam county hospital Wednesday morning at 4 o'clock, will be Friday afternoon at 2 o'clock in the McCurry Funeral Home with Dr. Salem B. Town in charge. Interment will be in Forest Hill cemetery.

Mrs. Hatfield is survived by five nephews and a niece. Two nephews C. J. Duncan of Parkersburg, West Virginia and T. N. Duncan of Covington, Ky have arrived here to take charge of the funeral arrangements. Friends wishing to see Mrs. Hatfield may call at the McCurry Funeral Home this evening from 7:30 o'clock to 9 o'clock.

## THE WEATHER

Rain tonight and probably Friday morning, followed by fair; much colder with lowest tonight 35 to 40 degrees.

YOUNG PEOPLE'S MEET  
TO BE IN NEW ALBANY

The tenth Indiana Young People's conference will be held for the southern territory in New Albany, October 17, 18 and 19. Some of the choicest leaders of the state and nation will be present to give their best. There are just a few of them: Roy A. Burkhardt, J. Gordon Howard, R. H. Mueller, L. B. Mosely, C. R. Lizenby, Nellie C. Young and a host of others.

Those planning to go should get their registration blanks in as soon as possible to Miss Nevo Cowgill, Box 188, Greencastle or to the Indiana Council of Religious Education, 702 Occidental Bldg., Indianapolis, Ind.

FARM MARKETS  
DISCUSSED BY  
S. C. MASTERSONAT MEETING IN ASSEMBLY  
ROOM OF COURT HOUSE—HEDGING  
AND FUTURE TRADING  
TAKEN UP

The third of a series of Farm Marketing school meetings was held in the assembly room of the Putnam county court house Wednesday evening. The attendance at the meeting was the largest of any of the meetings thus far, more than eighty-five persons attended. Every community in the county was represented.

"The Effort of Hedging, Future Trading and Speculation on the Farm Markets" was discussed by S. C. Masterson, who is the head of the farm marketing schools throughout the state. Hedging and future trading were thoroughly explained by Mr. Masterson.

An operation in hedging was carried through in order that those enrolled in the school might see how it is done, and the effect it has upon the price the farmer is able to get for his produce. Mr. Masterson, also, showed how future trading narrows the spread of the market.

At the next meeting of the school to be held in the assembly room of the court house next Wednesday evening the "Hog Marketing Chart" will be taken up by Mr. Masterson, and the problem of marketing hogs thoroughly discussed. A still larger attendance is expected as all the farmers in Putnam county are interested in the hog market.

SAYS TRUSTEE

THE TEACHERSAND FALSIFIED CLAIMS FOR  
TRANSPORTATION OF SCHOOL  
CHILDREN IN CRAWFORD COUNTY—SCHOOL AID OFFICIAL  
INVESTIGATES

ENGLISH, Ind., Oct. 16.—(INS)—Sale of jobs to school teachers and falsifying claims for transportation of school children were charges facing W. J. Gregory, trustee of Patoka township, Crawford county, here today.

Gregory was trying to raise \$3,000 bond on four indictments returned by the Crawford county grand jury following an investigation in which Deputy Attorney General V. Ed. Funk and Harry Kirk, state school aid auditor, participated.

That George Megenty gave Gregory \$375 for awarding a school teaching position to Russell Megenty, a relative, and that the trustee asked Miss Edna Reason \$175 for the privilege of a teaching contract were charged in the indictments.

Gregory also was alleged to have added four to the number of children actually transported to the English high school and four to those carried in school busses to the French Lick high school. Gregory is allowed \$50 for each child transported.

Dr. C. N. Stroube of Roachdale was a business visitor here today.

## PASSENGERS, CREW RESCUED

Sunken Vessel Was a Fifty-Year Old Side Wheeler and Carried a Cargo Valued At \$80,000

HAVANA, Oct. 16.—The British freighter Hallmoore crashed with the Cuban vessel Antolin Del Collado today and sank it six miles off Mariel, Cuba. The Antolin Del Collado's crew of twenty-eight and two passengers were rescued by the Hallmoore, which proceeded immediately to Mariel, in the province of Pinar Del Rio, the nearest port.

The sunken vessel was a fifty-year old sidewheeler of the Empresa Naviera de Cuba fleet, of 977 tons, carrying a cargo valued at \$80,000.

The S O S sent by the Hallmoore was picked up by the immigration department radio station and port police were notified. Immediately police set out in two motor boats and arrived in time to help rescue the crew.

The Empresa Naviera ordered the Guantamo to proceed to the rescue at full speed, but the radio announced that the crew had been saved with only the loss of personal belongings.

The Antolin left Havana last evening en route to Minas de Matambre. The Hallmoore was en route to Mariel to pick up a cargo of sugar.

CHURCH ALLEGES  
THAT CONTRACT  
SUED ON IS VOIDHAYES AND MURPHY FILES DE-  
MUR IN PUTNAM CIRCUIT  
COURT TODAY—SAYS BOARD  
COULD NOT ENTER INTO AGREE-  
MENT

In the case of Alfred Grindle architect and the Bevington Williams Company against the Greencastle Methodist church, in which a judgment of \$2,000 is asked for services alleged to have been rendered by Grindle, the church and its board, through their attorneys, Hays and Murphy of Greencastle, have filed a demurr to the complaint.

The demurr sets forth that the complaint does not state sufficient facts to constitute a cause for action, and that the alleged contract sued on by the architect is void because it is incomplete.

It is further alleged by the church that the contract was not binding on the plaintiff, and does not show who made the offer. It is further stated that the complaint filed by Grindle shows that he was paid for services rendered and that the board of trustees of the church were not empowered to make the contract.

The complaint on contract was filed in the Putnam Circuit court by Grindle in June, and alleges that he was engaged to design two buildings for the defendants in November, 1926, and that he was to be paid 5 percent of the total cost of the buildings.

Buildings designed by Grindle were the Greencastle Methodist church and a proposed religious educational building which has since been abandoned. Grindle asks judgment for the designing of the abandoned building. The Bevington Williams Company is a plaintiff in the suit as the alleged debt was assigned to them by Grindle.

George Hubble of Indianapolis who was injured in an automobile wreck near Mt. Olive last Saturday was taken to the city hospital in Indianapolis today.

POLAND SCHOOL CLOSSES  
AFTER DEATH TUESDAY

The public schools of Cass township located at Poland were closed yesterday following the death of Mrs. William Allen, of cerebro spinal meningitis. No member of the family has been attending the Poland school but because the Allen home was directly across the street from the school house it was decided by the health authorities to be advisable to close the school for a few days.—Brazil Times.

TEACHERS MEET

CONVENTION OF ASSOCIATION—  
SENATOR FESS SPEAKS IN  
CADLE TABERNACLE

INDIANAPOLIS, Ind., Oct. 16.—Sixteen thousand school teachers, representing Indiana public schools gathered in Indianapolis this morning to attend the intensive three-day convention of the Indiana State Teacher's Association.

The convention is the seventy-second in the history of the organization, which includes approximately eighteen thousand teachers in its membership.

Taxing the capacity of Cadle Tabernacle; they assembled this morning at 9:30 o'clock to hear addresses by Dr. Albert Parker Fitch of New York and United States Senator Simon D. Fess of Ohio.

Since Cadle Tabernacle seats only 10,000 persons, overflow meetings were held in the Indiana ballroom at the same hour, where Dr. George D. Strayer, director of educational research of Columbia university, and Cameron Beck, personnel director of the New York Stock Exchange, spoke.

Many of the teachers arrived last night, and Indianapolis hotels, large and small were finding difficulty in caring for the arrivals and holding reservations, made weeks in advance of the convention, intact for those who will arrive this morning.

The teachers will attend sessions today, tomorrow and Saturday morning.

Although the convention was not yet under way, the presidency of the association, the most coveted honorary position in the Indiana educational system, was being discussed. Only one name was being mentioned in connection with the office, however. It was that of Dr. Lemuel A. Pittenger of Muncie, president of Ball State Teachers college.

## MEETINGS TO CONTINUE

The series of meetings being held in the Fillmore Christian church will continue through Sunday. They are being conducted by the Rev. W. H. Ulen of Crawfordsville.

State Candidates Are Introduced: Give One Minute Talks—Radio Parties Held in Democratic Headquarters Throughout the State

INDIANAPOLIS, Oct. 16.—The Democratic party offers itself as the vehicle for the people to aid themselves in this campaign, Paul V. McNutt, dean of Indiana university law school and former national commander of the American Legion declared last night in a state-wide radio hook-up officially opening the Democratic speaking campaign.

Mr. McNutt referred to the theme question of Senator James E. Watson's talks in which the Senate floor leader asks the Democrats what they would have done in the present economic emergency that President Hoover has not done.

"This question by Senator Watson is a direct admission of failure by the Republican party," Mr. McNutt said.

The keynote speaker leveled his criticism at the statehouse, charging the state highway commission with failing to procure available Federal aid and being forced to issue certificates of indebtedness to provide for current road costs.

R. Earl Peters, Democratic state chairman in presenting candidates on the state ticket, told the radio audience that the Democratic party has no program of "so called eleventh hour" strategy.

"Our party covets the honor," Chairman Peters said, "to represent in this campaign citizens of all political faiths who seek a beneficial change in governmental policies."

Each member of the state ticket, headed by Frank Mayr, Jr. of South Bend, nominee for secretary of state, and Mrs. A. P. Flynn, of Logansport, state vice chairman, was presented for one-minute talks before Mr. McNutt was introduced by the state chairman.

Radio parties were held in county headquarters of virtually every local organization in the state. Marshall Williams, secretary of state committee, said he was advised. In some instances, he said the county chairmen arranged for a large number of meetings in the county where the McNutt talk could be heard.

After losing three games in as many starts the Greencastle High School eleven played the unbeaten Jefferson of Lafayette High School football team to a 13 to 13 tie on Blackstock field Wednesday afternoon. Godfrey, Greencastle quarterback was the outstanding player on the field and twice carried the pigskin oval over the line for a touchdown.

The Greencastle line held exceptionally well, but Bausman's proteges lack a good defense against the forward pass. Both touchdowns scored by the visitors came after the completion of long passes.

LARGEST TIRE  
IN WORLD ON  
DISPLAY HEREMONSTER GOODYEAR CREATION  
IS 12 FEET HIGH AND WEIGHS  
3,900 POUNDS—EXHIBITED AT  
DOBBS TIRE AND BATTERY  
SERVICE STATION

## WORLD'S LARGEST TIRE

Twelve feet high.  
Tread, sidewall and bead weigh 877 pounds.  
Friction fabric weighs 289 pounds.  
Tube weighs 125 pounds.  
Wheel weighs 600 pounds.  
Yoke weighs 2,600 pounds.  
Total weight of tire and yoke is 3,900 pounds.

Value of the tire is \$5,000.  
The largest tire in the world was exhibited in Greencastle today, by Albert Dobbs, of the Dobbs service station, Goodyear dealer, who held the high tire at his place of business from 9:30 to 10:30 o'clock, this morning.

The intensely interesting tire was built by the Goodyear Tire and Rubber Company of Akron, Ohio, and is on a tour of several states in this section of the country. It has been in many sections of the United States, and has been exhibited in Canada, causing no end of amazement at the Toronto Exposition last fall.

The rubber giant, which is 12 feet high and four feet wide, was built under the combined supervision of the chemical, tire design and research divisions of Goodyear's development department. It takes about three-quarters of an hour to inflate the mammoth casing to a pressure of only three pounds. Its value is placed conservatively at \$5,000.

It might be interesting to note that the valve is the only item of standard size in the entire tire, which is a replica of the Goodyear All-Weather Tread Supertwist Cord Tire, the measurements being in exact ratio to measurements of the regular size tire.

Goodyear is the largest rubber concern in the world. Early this year it finished the largest ship dock in the world—in fact the largest building without interior supports. It is now constructing for the United States Navy two of the largest ships in the world, being nearly twice the size of the Graf Zeppelin and about three times the size of the Los Angeles. It was quite natural that Goodyear should build the largest tire in the world. It was necessary to construct around this huge casing a special vulcanizer to cure the rubber. Otherwise the giant pneumatic was built under normal operations.

Will there ever be occasion for the use of a tire the size of the giant seen in our city today? A prominent manufacturer of airplanes, when he saw the tire on exhibition in his city, stated that the day was coming when huge airplanes would require tires of just such dimensions.

Goodyear originally planned to construct the giant tire even larger, but the engineers in charge of the work were restricted in their program by the fact that some of the bridges over which this tire would pass on its tours of America, Canada, Mexico and Cuba have a clearance of only twelve feet.

The tire is mounted on a trailer to a bus of special design and has a load carrying capacity of approximately 50,000 pounds. Three months' time was required in building it.

Mrs. George Swain of Roachdale is seriously ill in her home.

RACE FEELING  
RUNS HIGH IN  
GRANT COUNTYAS SHERIFF PREPARES TO AR-  
REST SEVEN CHARGED WITH  
LYNCHING OF TWO NE-  
GROES ON AUGUST 7

## MOB ACTION THREATENS

Officer is Under Arrest Charged With Neglect of Duty in Permitting Victims to be Taken From Jail

MARION, Ind., Oct. 16.—(INS)—Tension and bad feeling prevailed here today as Sheriff Jacob C. Campbell prepared to arrest seven persons charged with lynching two Negroes in Marion on Aug. 7.

Campbell himself was under arrest, charged with neglect of duty in permitting the two Negroes to be taken from the Grant county jail and hung to trees in the court house yard. The sheriff hoped to have his bail fixed today by the Grant county Circuit court so that he could begin serving the warrants for the alleged mob members.

Reports were current that another mob will be formed, if the seven persons are placed in jail.

Attorney General James M. Ogden and his deputy, Merl Wall, yesterday afternoon had filed affidavits against Sheriff Campbell and the seven alleged lynchers. The men are: Charles Lennon, taxi driver; Chester Pease, taxi driver; Arnold Waller, truck driver; Everett J. Clarke, Bob Beshire, — Boyd and — Prain, whose first names were unknown to the attorney General.

Tom Shipp and Abe Smith, youthful Marion Negroes were the prisoners mobbed after they had confessed to murdering Claude Deeter, of Fairmount, and assaulting Deeter's fiancée.

Ogden's action occurred after the Grant county grand jury refused to return indictments against the lynchers and instead issued a statement exonerating Sheriff Campbell and praising him for averting a race riot. "If anything, the Republican party will be helped by the Attorney General's action," Sheriff Campbell replied when questioned concerning the political effect of the recent prosecution. Sheriff Campbell is Grant county Republican chairman and a member of the state crime commission.

INDIANAPOLIS  
RABBI WILL BE  
SUNDAY SPEAKERTO TALK TO YOUNG PEOPLE'S  
SERVICE IN THE METHODIST  
CHURCH—PROFESSOR THOMP-  
SON TO PLAY ORGAN

Rabbi Morris M. Feuerlicht, head of the Indianapolis Hebrew Congregation church will be the speaker for the Young People's Vesper Service at the Methodist Church Sunday night. Mr. Feuerlicht will speak upon the subject: "Why I am a Religionist."

This will be one of the outstanding men that will be brought to the DePauw campus this year in connection with these services which are designed to be non-sectarian and to give broad views on all subjects and phases of human society.

Rabbi Feuerlicht was one of the four talented men who debated religious questions in Indianapolis last spring along with Bishop Edwin Holt Hughes, Clarence W. Darrow, Chicago criminal lawyer and a exponent of Catholicism. Each man gave his reasons why he was a Jew, a Protestant, a Catholic or an Agnostic.

Greencastle people and students will do well to hear this brilliant man who is an exceptionally good speaker and a profound thinker along religious lines. Prof. Van Denman Thompson will continue his short organ preludes to the service.

## DELTA THETA TAU PHILANTHROPIC PROJECTS

At the 1927 National Convention of Delta Theta Tau which was held at Terre Haute, Indiana the plan was presented for a Kentucky Mountain School, a national philanthropic project. The school bears the name "Betty's Troublesome School." It is situated on Troublesome Creek and the woman who was instrumental in getting this school started was named Elizabeth hence the name, "Betty's Troublesome School."

The school is situated in the heart of the mountains, some twenty miles from a railroad. Until the last year it was impossible to reach the school other than traveling on mule or by jolt wagon.

In 1928 a tract of eighty acres of land was purchased by Delta Theta Tau. This tract of land is located one half mile from the present school site. This is the site of the new school building which is now under construction. This building is being constructed in conjunction with the Knott County Board of Education.

## SOCIETY

Fort Wayne Woman is Slated for P. T. A. President

Mrs. W. J. Hockett of Fort Wayne is expected to be elected president of the Indiana Parent-Teacher Association today at the closing meeting of the annual convention in the Hotel Severin in Indianapolis.

Mrs. Hockett's name will be the only one presented by the nominating committee for the office and it is not expected that any one will be nominated from the floor against her.

The annual banquet was held last night in the Riley room of the Claypool hotel, with an attendance of more than five hundred members.

Dr. Albert Parker Fitch of New York spoke on "The Home, the School and the Child." Dr. F. S. C. Wicks gave the invocation and Mrs. Homer J. Miller of South Bend, state president, presided.

The silver star luncheon will be held at 12:30 o'clock this afternoon.

in the Hotel Severin, with Mrs. L. G. Hughes, chairman, presiding. Mrs. G. G. Derbyshire will give the invocation and Dr. Garry Cleveland Myers, head of the division of parental education, Cleveland college and Western Reserve university, will speak on "The Parents and the Pupil." Dr. H. E. Barnard, director of the White House conference on child health and protection, will give an address this afternoon.

Prof. Helen W. Hazelton, head of the department of physical education at Purdue university, spoke yesterday on athletics for girls. Athletics should embrace a broad range of activities and not be limited to basketball, now so common in Indiana, she said.

"To have a girl 'tomboy' is one of the best guarantees for her future health and happiness," said Prof. Hazelton.

Special consideration of girls' play is necessary because in the past

many girls have been cheated out of this educational form of experience through prejudice on the part of parents and teachers, it was explained.

## Chapter to Take Part In Installation of New Chapter

The Greencastle chapter of Delta Tau Delta will take part in the installation of a new chapter in Bicknell on November 9. Miss Gladys Lind, national secretary will be the national officer to attend the installation ceremonies.

## Tri Kappa to Meet With Joan Durham

Miss Joan Durham, east Seminary street, will be hostess to the members of Tri Kappa sorority at her home this evening at 7:30 o'clock.

## Mrs. Houck Made Assistant District W. R. C. Inspector

At the afternoon session of the district W. R. C. meeting here yesterday, Mrs. Kate Houck, one of the most active workers of the Greencastle chapter was elected as assistant district inspector. Mrs. Kate Atkinson of Danville was named inspector.

Mrs. Kate Taylor of Bedford, state department president and Mrs. Olive Brown of this city, state patriotic instructor, were the only two department officers present for the meeting yesterday.

Other officers who were elected are as follows: President, Mrs. Clara Belle Bottorff, Indianapolis; vice president, Mrs. Lula Mathes, Spencer; treasurer, Mrs. Madge Fraley, Indianapolis; delegate to national convention, Mrs. Mary Haley, Indianapolis.

The Greencastle chapter exemplified the ritual during the afternoon under the direction of Mrs. Ella Arnold and received favorable comment.

## Former Roachdale Man Weds Young Woman From Mace

Mace, Oct. 16.—Mrs. Joe Nichols announces the marriage of her daughter, Florence, to Mr. Huston L. Gerald, son of Mr. and Mrs. Grover Gerald, of Ladoga. The wedding took place on October 4 at Danville, Ill.

Mrs. Gerald is a graduate of the New Ross high school in the class of '29. Mr. Gerald attended school at Roachdale. The young couple will reside near Ladoga.

BEAUTIFUL and CHARMING! It's an added special quality that makes the beauty of a pretty girl. But she's a natural favorite to begin with. And for the same reason Camels are favorites with the modern crowd. Scientific principles govern their manufacture; but the mildness, the fragrance, the delicate flavor are natural qualities of the tobacco.

There's enjoyment in the smoking of a Camel. Camels go with happy faces... a lift of spirits with the opening of every fresh, fragrant pack. For Camel's delightful mildness holds all the natural goodness of choicest tobaccos. Don't confuse it with the flatness or insipidness of "over-treated" cigarettes.

INTRODUCING

REESE HAMMOND

(Note: This is the seventh of a series of cuts and thumb-nail sketches prepared by the DePauw university Publicity Office for readers of The Herald acquainting them with members of this year's Tiger football team.)

If a trophy were awarded to the hardest working and most conscientious member of the DePauw team, judges would all be agreed upon Reese Hammond, a Greencastle boy, for the award. Hammond is but a junior. He made his letter at guard last year but was shifted out to

tackle this year where Coach Neal gives him credit for being one of the hardest hitting linemen among schools the size of DePauw.

Hammond did not get to play much football when he was in high school but he fairly soaked up the fundamentals of the game in his freshman year and made himself a regular berth on the varsity his sophomore year. He weighs 180 pounds and all of it hits when he charges or tackles. In case you are looking for him in Saturday's game he will have sweater number 20 and is the "boy in the leather mask," a protector he uses for his teeth, some of which were knocked loose last year.

THE THEATERS

VONCASTLE

"Africa Speaks" Absorbing Film of Jungle Life Opens Tomorrow  
Thrilling and rare entertainment comes to the screen of the Voncastles tomorrow when "Africa Speaks," an African adventure film with sound effects will play for two days. Matinee and night featuring children's Matinees both Friday and Saturday.

From a scenic standpoint, it is magnificent, while the intimate glimpses of native life are fascinating from a news value.

Apparently Hoefler and his courageous band managed to penetrate into the deepest jungles of the big continent. Practically every type of native is shown—from the giant Wasara of the French Congo, to the pygmies of the Ituri forest, who seldom reach a height of fifty-seven inches. Religious rites and tribal dances of these natives are among the features of the production. Many of their customs, heretofore a mystery,

are revealed.

Picture shots of lions, elephants and other jungle beasts were taken at amazingly close range. The thrills these afford are enhanced by sound effects. The results are absolutely astounding. The cameramen deserve special commendation for their bravery and ingenuity. Particularly effective are photographs of Masai spearmen in hand-to-hand combat with huge lions. This is without doubt the greatest motion picture of jungle exploit and adventure ever filmed. All the thrills of an African jungle hunt with none of its dangers are brought to you.

The disk-tipped Ubangi savages who have aroused so much comment of late are shown in their native habitat.

Tonight Norma Shearer in "LET US BE GAY" will have it's final showing.

smashing through off-tackle and racing thirty-five yards for Greencastle's second touchdown. Williams failed to kick goal.

Bausman's proteges are scheduled to tangle with the tough Bloomfield eleven here next week-end.

The stands were fairly well filled with Greencastle and Jefferson boosters at the game Wednesday afternoon, and the players were favored with at most ideal football weather.

Bausman's starting lineup was Shonkwiler and Webb, ends; Taylor and Jones, tackles; Ison and Rockhill, guards; Brown, center; Bolander and Miles, halfbacks; Comstock, fullback and Godfrey, quarterback. Others who saw action were H. Gross, who went in for Godfrey; Alco Allen, who replaced miles and Bramlett, who went in for Jones at tackle.

FORMER COP FACES CHARGE OF OPERATING A LOTTERY

NOBLESVILLE, Ind., Oct. 16.—(INS)—The trial of William C. Hill, former Indianapolis policeman, charged with the murder of Charles Zeller, alleged lottery operator, was set for Nov. 10, in the Hamilton County circuit court.

The case was venued here from Marion County.

Zeller, alleged to be the operator of the Butchers and Packers lottery, was killed during a holdup several months ago.

Hill was taken to the state reformatory for safe keeping after the case was brought here from Marion County.

STRUCK BY CAR: DIES

INDIANAPOLIS, Ind., Oct. 16.—(INS)—Struck by an automobile, while crossing the street, Mrs. Elizabeth Ward, 70, was dead here today. Death was almost instantly.

John Hubbard, 48, negro, driver of the machine, was held on a charge of involuntary manslaughter.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe

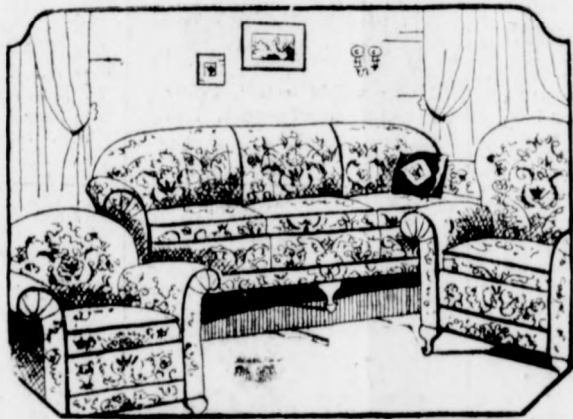

and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
